SKILLS

PROGRAMMING

ReactJS • Redux • NextJS • Javascript • TypeScript HTML/SCSS • Bootstrap • Java Spring Boot • Angular 2+ • Data Structure and Algorithms

Tools
GIT • Azure Devops • JIRA • MySQL

ACHIEVEMENTS

Spot On Award

- Received this award for my exemplary dedication and work towards delivering the application

Team Appreciation

- Got appreciation for achieving release within deadline with no bugs given

EXPERIENCE

ACCENTURE | Packaged App Development Analyst
Dec 2021 - Present | Bengaluru, India

Walgreens (Dec 22 - Present) - ReactJS, Javascript, HTML/SCSS

- Prepared multiple OSI Group data table pages for 5000 records using react-data-grid with filter and sorting functionality
- Implemented excel file upload to populate data into table and export functionality to download same
- Caching of table data using browser storage to retain edited values on page refresh
- Using Custom hooks & Context Api for performing Api calls and passing data across components

National Cultural Hub (Jun 22 - Nov 22) - ReactJS, Redux, Javascript, Bootstrap

- Implemented User Registration functionality to pre populate fields from api response with validation & error messages
- Implemented feature to create list of carousel cards which navigates to its details page using route data id
- Implemented multi stepper form having blog creation using react-draft-wysiwyg and cover image upload to show in blog

Metrolinx (Dec 21 - May 22) - ReactJS, Redux, Javascript, HTML/SCSS

- Implemented Anonymous Login/Logout feature for Metrolinx presto card
- Implemented Card Activation, blocking card, transfer card to another, deactivating card features using multi-form Stepper and Formik
- Worked with Redux and integration of api calls to sync and populate form data
- Created multiple static UI page using html/scss and sitecore data

MINDTREE LIMITED | Java FullStack Developer
Jun 2019 - Nov 2021 | Bengaluru, India

Jumeirah (Oct 19 - Nov 21) - ReactJS, Redux, Javascript, HTML/SCSS

- Implemented Back Button feature on each page for navigating & retention of page data with Redux
- Implemented booking flow having Rate selection pages and Checkout details page having overview of booking details
- Created point based booking flow and implemented hidden promo code as part of booking flow to show different rates to user based on hotels
- Created payment, order & payment history page and integrated payment page with third party for EMENU web app of Jumeirah
- Created offer page having list of offers carousels with infinite scroll where user can filter offers based on hotels
- Created responsive pages using HTML/SCSS and written unit test cases

EDUCATION

KIIT UNIVERSITY
B.Tech in Computer Science
June 2019 | Bhubaneshwar, Odisha
GPA: 7.3 / 10.0

S M ARYA PUBLIC SCHOOL
10+2 Senior Secondary High School
May 2014 | New Delhi, India
Percentage: 75%

SITA (Jun 19 - Oct 19) - Java Spring Boot, Angular 6

- Worked on creation of apis using spring boot for generating billing & taxation reports for SITA QTB & Non-QTB products
- Developed billing form page for customer using Angular 6
